Started at Cook Children's: 2019

Education: University of Iowa College of Pharmacy

Postgraduate training: PGY1 residency, Cook Children's
Medical Center

Get to know Liza Kramer

Areas of interest, research and professional involvement: My areas of interest include hematology/oncology, critical care and general pediatrics (so pretty much everything!). After completing my PGY1 here, I found that Cook Children's would give me the flexibility to pursue all my interests through a PGY2. I have been involved in research within the Neonatal Intensive Care Unit throughout pharmacy school, and my PGY1 project focused on pain and sedation in the Pediatric Intensive Care Unit. I have also been involved in the Pediatric Pharmacy Association for several years.

More about me: I was born and raised in Iowa, but I have always loved a new adventure. I love to travel and one of my bucket list items is to see all 50 states. I enjoy being outside, hiking, playing volleyball and softball, but I also like to stay home to binge on a good TV series or book.
