PGY1 pharmacy practice resident, class of 2021

Started at Cook Children's: 2020

Education: Southwestern Oklahoma State University
College of Pharmacy

Get to know Brooke Lizotte

Areas of interest, research and professional involvement: My areas of interest include hematology/oncology, emergency medicine and HIV. I'm looking forward to learning all the different areas in pediatrics and seeing what they have to offer!

More about me: I was born and raised in Fairbanks, Alaska, and made the journey down to the lower 48 in 2014 to attend school in Oklahoma. I competed on the cross-country running team in college and have since completed a few half marathons and a full marathon. In my free time you can find me running, eating Braum's ice cream or playing with my pup, Tucker!
