

General Rules for making pillowcases and choosing child friendly fabrics:

Please do not choose fabrics that are thin (if you place your hand on the inside of the pillowcase and can visibly see your hand on the outside of the pillowcase, it is too thin.) Here is a good example of fabric that is too thin:

Please do not use fabric that contains skulls (including Day of the Dead fabrics or Halloween fabrics). We do have terminally ill children in the hospital and feel skulls are inappropriate for this environment.

For Example:

Choose fabric that is child friendly. If you are unsure, please ask and if possible send a picture and we would be happy to tell you if it is right for this environment (please refer to the suggested fabrics page if you would like to have an idea of what we refer to as child friendly fabrics.)

Please use the patterned fabric as the body of the pillowcase (no solid colors for the body of the pillowcases unless otherwise specified.) Use a matching solid color or coordinating fabric for the border/cuff of the pillowcases.

Yes:

No:

Most floral patterned fabric is not something that gets chosen often, however there are some exceptions such as brightly colored whimsical floral fabrics. Again, if you are unsure please feel free to ask. An example of appropriate and inappropriate floral fabric would be:

Appropriate Floral Fabrics:

Inappropriate Floral Fabrics for children and teens:
