

Holiday Santa Bags

Holiday Santa Bags are used in December to place gifts in for patients who are in the hospital on Christmas Eve or Christmas Day. The bag is filled with donated toys that parents have chosen for their child. The bag is placed in the child's room on Christmas Eve. Every child and sibling receives a bag from Santa Claus unless parents request otherwise.

Sizes needed are Extra Large, Large, Medium, and Small in solid colored fabric (preferably red or green) or a Christmas themed fabric, preferably a heavy duty fabric that can hold bulky items. Each bag must have drawstrings. Embellishments such as Santa's belt may be added. Please remember that embellishments must be sewn on so that they do not become a choking hazard.

Extra Large (XL) size = 24X40, 24 inches in length by 40 inches in width (does not have to be exact)

Large (L) size = 24X36, 24 inches in length by 36 inches in width. (Does not have to be exact)

Medium (M) size = 21X32, 21 inches in length by 32 inches in width. (Does not have to be exact)

Small (S) Size = 21X24, 21 inches in length and 24 inches in width. (Does not have to be exact.)
